

Currency Worksheet

Name of Currency

Mexico _____ 1 _____
 = _____ U.S.

_____ = 1 U.S. \$ _____

They will use calculators and the exchange rates to be able to change various amounts of money into the other currencies. They will figure various currencies in respect to others.

Example if 11 Pesos (Mexican) = \$1 U.S.
 Then 1 Peso = \$.089 U.S.

If one has 300 Pesos, to find out how much this is in U.S. currency

Then 300 Pesos X .11 = \$33 U.S.

If one has \$300 U.S., to find out how much this is in Mexican Pesos

Then \$300 U.S. X 11 = 3300 Pesos

Give the dollar equivalents of the following costs. Show your work:

Give the equivalents of each in Mexican Pesos.

\$421 \$731 \$49.95 \$73.31 \$10,783 \$4856

Give the equivalents of the dollar amounts given in Pesos.

| | | | | | | |
|---------------|-------|-------|---------|---------|----------|--------|
| | \$421 | \$731 | \$49.95 | \$73.31 | \$10,783 | \$4856 |
| Mexican Pesos | 4631 | 8041 | 549.45 | 806.41 | 118613 | 53416 |
